# WEATHER OF CONCERN

## **Weather of Concern**

- Late Tuesday, 03/20/18, through Thursday, 03/22/18, the National Weather Service is advising of the potential for a significant and excessive rainfall event (Atmospheric River) to impact Central and Southern California valley and mountainous areas, which will produce some of the following conditions:
  - Significant flash flooding and debris flows over recent burn scars including the Thomas fire (Santa Barbara County) and The Canyon 2 fire (San Diego County).
  - Widespread urban roadway flooding.
  - Flooding of small creeks and streams.
  - Rockslides and mudslides, especially near canyon roadways.

# **WEATHER SYNOPSIS BY REGION**

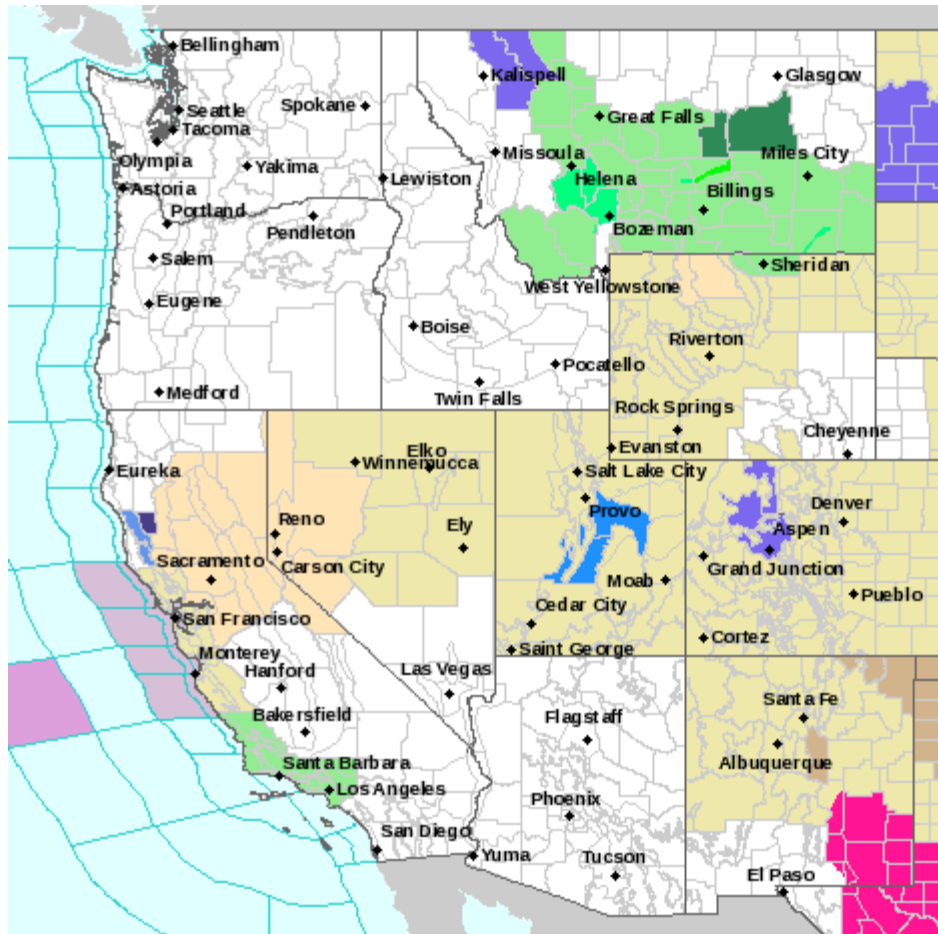

## **NORTHERN CALIFORNIA**

The next Pacific storm system will move onshore Tuesday afternoon with strong gusty winds and high snow levels. This storm will impact the Northern California region through the end of the week with heavy precipitation and strong winds. Late in the week colder air will move in and drop snow levels to 1500-3000 ft again.

## **SOUTHERN CALIFORNIA**

Warmer weather is expected Monday and Tuesday with highs returning to the 50s in the mountains to the mid and upper 70s at lower elevations under partly sunny skies. A stronger storm is forecast to arrive Tuesday night into Thursday. This storm may bring heavier and perhaps more intense rainfall along with lower snow levels. No significant offshore winds are expected throughout the period.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2018-LAW-45677, 03/15/18, 0836 hours:** The Alpine County Sheriff's Office requested a search helicopter to assist in locating a subject last seen using a ski lift at the Bear Valley Mountain Resort. He did not return home later that evening and his vehicle was located at the resort's parking lot. Both the California Highway Patrol and the California National Guard deployed helicopters. Both helicopters were forced to land at the ski resort due to weather conditions. Alpine County continued ground searches, which have not been successful. On 03/15/18 at 1700 hours, Alpine requested additional resources for 03/16/18. They requested a total of 80 Type 1 Nordic ground personnel. Marin, Contra Costa, San Mateo, Placer, El Dorado, Tuolumne and Monterey counties were contacted for resources. In addition, Douglas County, Nevada and the National Ski Patrol were contacted. **Update 3/17/18:** Alpine County advised the search will be continuing through the weekend and expects upwards to 100 searchers in the field. The helicopters were still grounded and a new request for Nano Trackers from the National Guard was received. LDO made contact with the Cal National Guard JOC and they accepted the mission, and deployed last night in preparation for arriving at the 0800 briefing. **Update 03/18/18:** CHP H-20 was able to return to the valley on Saturday and are planning flight time for this same mission on Sunday if weather permits. CNG Helicopter is still grounded at the Ski Resort. (38) Ground units were scheduled to search on Sunday at 0800 hours for the next operational period. The searchers came from Tulare (7), Fresno(3), Marin(5), Contra Costa (3), San Mateo (9 BAMRU), Placer (8) and Northern Ski Patrol (4). El Dorado County Sheriff's Office is assisting with search management aspects (6 individuals for an overhead team). **Mission Ongoing.**
